

# Join NHSC

and receive  
up to \$145,000 in loan repayment

The NHSC is currently recruiting providers for more than 9,000 vacancies in underserved communities. We are seeking providers in a range of primary care specialties, including nurse practitioners and social workers.

**Corps members can choose their service sites from among many options.** Providers apply for work directly with an approved site of their choice. NHSC-approved sites may be urban, rural, frontier, or located on an Indian reservation, at a Federal prison, or with the Division of Immigration Health Services.

**Corps members earn competitive salaries.** Corps members negotiate their salaries directly with their service sites. Sites are required to pay Corps members equivalent salaries to similarly qualified, non-Corps colleagues.

**Five years of service can help repay \$145,000 in school loans.** The program begins with \$50,000 in loan repayment support (or the outstanding student loan balance if less than \$50,000) in exchange for two years of service. NHSC loan repayments are exempt from Federal income tax.
